

SAFETY LIFE
FOR SECURITY SYSTEMS

Safety Life for Security Systems
"Capture Life, Secure Your World"

Company Profile

www.safetylifeseccom.com

Establishment & Growth

Founded in 2015 in Mit Ghamr, Egypt, Safety Life for Security Systems began as a small company specializing in providing security solutions. Over the years, we expanded operations, opening branches in Cairo, Egypt, and later internationally in Dubai, UAE.

Our strong relationships with international suppliers, particularly in China, and our extensive network have established our reputation as a leader in delivering high-quality security systems.

Security Industry Regulatory Agency

We are proud to announce that we have received the SIRA certification from the Security Industry Regulatory Agency in the United Arab Emirates!

This certification is a testament to our full commitment to applying the highest security and safety standards in all our services, reflecting our dedication to achieving the highest levels of quality and professionalism.

We believe this achievement is a significant step toward strengthening trust between us and our valued clients in the UAE and the Arab world, and we are always striving for excellence.

Our Vision

To become a global leader in security and surveillance solutions by providing innovative, reliable, and sustainable systems tailored to meet the diverse needs of our clients worldwide.

Our Mission

To deliver world-class security systems and services that ensure the safety of our clients' assets and environments while fostering strong relationships through exceptional customer support and cutting-edge technology.

Our Service

We provide a wide range of security solutions, including:

Security Cameras

Advanced surveillance systems for real-time monitoring.

Attendance Systems

Integrated systems for efficient workforce management.

Sound Systems

High-quality audio setups for various environments.

Fire Alarm Systems

Reliable fire detection and alert systems.

Intercom Systems

Secure and seamless communication systems.

Metal Detection Systems

Enhanced safety for public and private spaces.

Centralized Fax & Alarm Systems

Comprehensive solutions for streamlined communication.

Why Choose Us?

- **Tailored Solutions**

We design and implement customized systems to meet unique client requirements.

- **Comprehensive Services**

From pre-purchase consultations and site surveys to post-installation maintenance and training.

- **Trusted Partnerships**

We collaborate with top global brands and suppliers, ensuring the highest quality.

- **Qualified Team**

Our engineers and technicians are highly skilled and committed to excellence.

Key Achievements & Projects
